Sir

The ordinary receipts of the Municipality as estimated for 1891-92 amount to Rs 379 and the fixed charges, exclusive of Public works to Rs 360 and if Rs 100 be added for repairs of roads and drains, there will be a deficit of Rs 81. Hence the municipal funds are too

poor to bear the usual quota charges on account of the of the Dispensary proposed to be opened at each

in 1891. The census of 1891 is called for

Sir,

I have the honor to forward for the orders of Government the marginally noted Correspondence regarding the opening of a dispensary in Maddur in the Mysore District.

2. In January 1890 a petition was received through the Civil Surgeon Mysore from the inhabitants of Maddur and adjoining villages asking to have a dispensary established there for the reasons stated. I was of opinion that the opening of a dispensary there would be beneficial to the people, who seemed so desirous of having it, and forwarded the petition to the then Deputy Commissioner, Mr. Macklejohn, who from inquiries made through the then Sub Division Officer, Mr. Madiah, replied that a dispensary was not urgently required there. Mr. Madiah stated that the Municipality is too poor to bear its

Mysore 20.5.49 of 26.12.89, in 20.5.1 of 9.3.91 included

its ^{Co.} quota towards the maintenance of the dispensary.
3. Opinions have altered apparently since then,
as the present Sub Division Officer Mr D. Devarajkrs
states that at a late Local Fund Meeting it was
unanimously resolved that the establishment of a
dispensary there is very desirable and Deputy Commr.
in forwarding the Sub. Division Officer's Communication
in not opposing it presumably approves of it.

With reference to his docket No 650 of 11th Ultimo, forwarding for opinion a petition from the ryots of Maddur and other villages, has the honor to state that Maddur is the intermediate station between Mandya and Chinnappatna in both of which places there are dispensaries being 12 miles distant by rail.

From what the undersigned observes in other dispensaries in the Sub Division, the number of patients treated is limited, and if one is opened at Maddur he apprehends that scarcely any body will attend it for treatment.

Further the Maddur Municipality is too poor to bear its quota towards its maintenance.
